Terms used in the Table

'Date of GEF Council Approval': For 'Expedited Procedure Projects', 'Date of Council Approval' is the date of CEO approval.

'Disbursement data awaited': Disbursement data not yet available for approved commitment by the Implementing Agency (through 31 December 1998).

'Expedited Procedure Projects': Projects approved using 'Expedited Procedures' whereby CEO approves project under authority delegated to him by the GEF Council.

'First Date of Disbursement': Data available until 31 December 1998. The data is drawn from the relevant quarterly financial statement report submitted by the Implementing Agency to the Trustee. The first date of disbursement therefore indicates the date of the quarterly financial report in which the first

	disbursement under the project is reported to the Trustee. (see Explanatory Notes). Actual disbursement would have occurred earlier in quarter preceding the date of the report.
'N.A.':	Not applicable
'Pilot Phase Projects':	Projects that were approved before the Instrument for the Establishment of the Restructured GEF was accepted in March 1994.
'Projects Approved through Standard Procedures':	Projects approved under the full project cycle of the restructured GEF, including approval by the Council.
